**ON PETITION**

This is a decision on the petition, filed February 16, 2006 under 37 CFR 1.137(b), to revive the above-identified application.

The petition is **GRANTED**.

A non-Final Office Action was mailed August 24, 2004. A response in the form of an amendment was filed January 28, 2005 with a two month extension of time request. On April 15, 2005 the applicant was advised that the amendment filed was non-compliant under 37 CFR 1.121. The time for response was one month from the mailing of the April 15, 2005 Notice. Thus the application became abandoned April 16, 2005. The instant petition and this decision precede the mailing of the Notice of Abandonment.

A grantable petition to revive an abandoned application under 37 CFR 1.137(b) must be accompanied by:

(1) the required reply (unless previously filed), which may be met by the filing of a continuing application in a nonprovisional application abandoned for failure to prosecute, but must be the payment of the issue fee or any outstanding balance thereof in an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof;

(2) the petition fee required by 37 CFR 1.17(l);

(3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional; and

(4) a terminal disclaimer (and fee as set forth in 37 CFR 1.20(d)) in a design application, a utility application filed before June 8, 1995, or a plant application filed before June 8, 1995.

A supplemental amendment is submitted with the petition to revive. This matter is being referred to Technology Center 2616 for processing of the amendment.

Telephone inquiries concerning this matter may be directed to the undersigned Petitions Attorney at (571) 272-3212.

A handwritten signature in black ink, reading "Patricia Faison-Ball". The signature is written in a cursive, flowing style.
